

Class Activity-I/O Operations -CO5

CODE:

1.File Creation:

```
import java.io.FileWriter;
import java.io.IOException;

public class Main {
    public static void main(String[] args) {

        try {
            FileWriter writer = new FileWriter("student.txt");

            writer.write("Student Name: Monesh\n");
            writer.write("Roll Number: 101\n");
            writer.write("Course: Computer Science\n");
            writer.write("Marks: 85\n");

            writer.close();

            System.out.println("Data written successfully to the file.");

        } catch (IOException e) {
            System.out.println("An error occurred: " + e.getMessage());
        }
    }
}
```

OUTPUT:

```
1 Student Name: Monesh
2 Roll Number: 101
3 Course: Computer Science
4 Marks: 85
5
```

```
Data written successfully to the file.
