

CO5 - Class Activity-I/O Operations

1.File Creation:

The screenshot shows the SIMATS Online Programming Lab interface. The header includes the SIMATS Engineering logo, the lab name, and the user's name 'MONESH S. 963340276'. The main heading is 'Class Activity-I/O Operations -CO5'. On the left, a 'QUESTIONS' sidebar lists five questions, with the first one, 'File Creation', selected. The main area displays the question details: 'Q1 File Creation' (20 marks) with the instruction '1. create a program to create a file and write the data.'. Below this is an 'UPLOAD PDF FILES' section with a limit of 'MAX 2 FILES - 10 MB EACH'. It shows two file slots: 'File 1' with a file named 'msl2020mha_q10100_class_activity_i_o_operations_q01_1.pdf (98.7 KB)' and 'File 2 (optional)' which is empty. A 'Save Submission' button is at the bottom.

2. Read and Write using FileReader FileWriter Class

This screenshot shows the same SIMATS Online Programming Lab interface, but the question has changed to 'Q1 Read and Write using FileReader FileWriter Class' (20 marks). The instruction is 'create a program to read the content and display on the console'. The 'UPLOAD PDF FILES' section remains the same, showing 'File 1' with the same PDF file and an empty 'File 2 (optional)' slot. The 'Save Submission' button is still present at the bottom.

3. Copy the content from source to destination using BufferedReader and BufferedWriter

The screenshot shows the SIMATS Online Programming Lab interface. The header includes the SIMATS Engineering logo, the lab name, and the user's name (MONESH S. MOUSAWDE). The main section is titled "Class Activity-I/O Operations -CO5". On the left, a list of questions is shown, with Q1 selected. The question text is: "Copy the content from source to destination using BufferedReader and BufferedWriter". The question is worth 20 marks. Below the question, there is a text input field with the prompt "create a program to copy the content from a file.". To the right of the question, there is a section for uploading PDF files, with a maximum of 10 MB each. Two files are listed: "File 1" (10328670A_918746_0000_0000_0000_0000.pdf) and "File 2 (optional)" (no file chosen). A "Save Submission" button is located at the bottom of the question area.

4. Count no of character and line in the given file.

The screenshot shows the SIMATS Online Programming Lab interface. The header includes the SIMATS Engineering logo, the lab name, and the user's name (MONESH S. MOUSAWDE). The main section is titled "Class Activity-I/O Operations -CO5". On the left, a list of questions is shown, with Q1 selected. The question text is: "Count no of character and line in the given file.". The question is worth 20 marks. Below the question, there is a text input field with the prompt "create a program count number of character and line in the source file.". To the right of the question, there is a section for uploading PDF files, with a maximum of 10 MB each. Two files are listed: "File 1" (10328670A_918746_0000_0000_0000_0000.pdf) and "File 2 (optional)" (no file chosen). A "Save Submission" button is located at the bottom of the question area.

5. Delete a file , if exist

The screenshot displays the SIMATS Online Programming Lab interface. The header includes the SIMATS Engineering logo, the lab name "SIMATS Online Programming Lab", and the subject "JAVA PROGRAMMING". A user profile for "MONISH S" is visible in the top right. The main section is titled "Class Activity-I/O Operations -CO5" and includes a "Back" button. On the left, a "QUESTIONS" sidebar lists five questions (Q1-Q5) with their respective marks. The main content area shows the selected question, "Delete a file , if exist", which is worth 20 marks. The question text asks to "create a program to delete the file if exist, and create again." Below the question, there is an "UPLOAD PDF FILES" section with a limit of "MAX 2 FILES (50 MB EACH)". Two files are listed: "File 1" (1603486760_q18780_files_part4g_1_x_ajeevkrishn.pdf) and "File 2 (optional)" (No file chosen). A "Save Submission" button is located at the bottom of the question area.

QUESTIONS

- Q1: File Creation (20 marks)
- Q2: Read and Write using BufferedReader/Writer Class (20 marks)
- Q3: Copy the content from source to destination using BufferedReader/Writer with BufferedWriter (20 marks)
- Q4: Create an all operations and how to file given file (20 marks)
- Q5: Delete a file , if exist (20 marks)

Delete a file , if exist (20 marks)

create a program to delete the file if exist, and create again.
